PROFILE

A fresh Computer Science graduate with a strong foundation in software development and a particular focus on web technologies. I am proficient in Python and Django for backend development, ensuring robust and scalable web applications. My skills in HTML, CSS, and Bootstrap enable me to create visually appealing and responsive front-end designs. I am committed to continuous learning and staying updated with the latest industry advancements, and I am eager to contribute to dynamic development teams.

WORK EXPERIENCE

Sept 2023 – July 2024

Google Developer Students Club (GDSC)   Lagos, Nigeria
Co-Team Member (Backend Lead)

- Guided and mentored students in backend development, focusing on Python and Django, ensuring they acquired practical and in-depth knowledge of backend technologies.
- Partnered with the ITECH Bootcamp to provide specialized training in backend development, equipping students with essential skills in Python Django.
- Worked closely with the chapter lead to design and implement innovative programs that pushed the boundaries of students' learning experiences and technical expertise.
- Oversaw various backend development projects, providing technical guidance and support to ensure successful completion and deployment.

ACHIEVEMENTS

- Collaborated on the creation of groundbreaking programs, fostering a culture of innovation and excellence within the GDSC Crawford Chapter.
- Played a pivotal role in the success of the ITECH Bootcamp, contributing to the comprehensive skill development of participants.

Sept 2023 – July 2024

NACOS Crawford Chapter   Lagos, Nigeria
Academic Director

- Successfully organized and executed numerous tutorials, workshops, and educational events in collaboration with the chapter president.
- Established the ITECH Bootcamp in collaboration with the Google Developer Student Clubs (GDSC), providing a comprehensive learning platform where about 150 students gained hands-on experience in UI/UX, graphic design, frontend, and backend development.
- Co-founded the Innovative Minds Program with the chapter president to empower students and enhance their skills.
- Provided mentorship and support to students, encouraging them to develop their technical skills and pursue their academic and career goals with confidence.

April 2023– Sept 2023

Center4tech
Mobile App Development Lead Instructor   Lagos, Nigeria

- Conducted comprehensive training sessions using MIT App Inventor, enabling students to design and code mobile apps with diverse functionalities.
- Developed and delivered a structured curriculum that catered to the learning needs of young aspiring developers.
- Provided hands-on guidance and support to students throughout the app development process, ensuring they gained practical experience and confidence.

ACHIEVEMENTS

- Successfully trained and mentored over 40 students, who were able to design and develop functional mobile apps.
- Expanded my skill set by learning Flutter to build cross-platform mobile applications.

EDUCATION Nov 2020 – Jul 2024	**CRAWFORD UNIVERSITY** Nigeria B.Sc. Computer and Mathematical Science, First Class Honors. **Relevant Coursework**: Programming, Database Management System (DBMS), Data Structures and Algorithms, Web Development, Operating System, Computer Architecture.

TECHNICAL SKILLS

| HTML | CSS | JS | Typescript | Bootstrap | Python | Django | SQL | Flutter

- Strong functional command of HTML, CSS, JavaScript, and Bootstrap
- Extensive knowledge of Python (Django & Django rest frameworks) for Web Development.
- Sound understanding of SQL – MySQL, Sq3lite
- Excellent Problem solving and innovative capabilities.
- Extensive experience in the development of robust, high-performance Backend web services.
- Excellent troubleshooting, debugging, and communication skills to engage stakeholders.

CERTIFICATIONS

- Deloitte STEM Connect Virtual Experience Program

TRAININGS

- Alx (Udacity): Introduction to Web Development Foundations
- Simplilearn: Introduction to SQL - Learn SQL Basics
- Jobberman Soft skills training, aimed at boosting employability and productivity in young graduates
- Stutern: Stutern Klusterthon 2023(Backend Development Specialisation)

PROJECT

TIMMIE SHOP
An E-commerce website built with HTML, CSS, Bootstrap, JavaScript, and Python (Django).
- Users can sign up, log in, log out, and add items to the cart and wishlist.
- Users can also edit cart items and checkout

TIMMIE BLOG
A Blog website built with HTML, CSS, Bootstrap, JavaScript, and Python (Django).
- Users can login, add, delete, update, and review the blog.

TIMMIE SOCIALS
A Social Media website built with HTML, CSS, Bootstrap, JavaScript, and Python (Django).
- Users can sign up, login, add friends, view, delete, like posts, add items to cart.
- Users can also edit their profile in settings.

TIM'S CONVERTER
A converter website built with HTML, CSS, Bootstrap, JavaScript, and Python (Django).
- Users can convert jpeg to pdf, jpeg to png e.t.c

MULTISHOP
An E-commerce website built with HTML, CSS, Bootstrap, JavaScript, and Python (Django).
- Users can login, add items to cart and wishlist. Users can also edit cart items and checkout

TIMMIE CHAT
A real-time chat website built with HTML, CSS, Bootstrap, JavaScript, jQuery, and Python (Django).
- Users can login, add items to cart and wishlist. Users can also edit cart items and checkout
